Signature Flavors

Your Solution to Being Unique

Enhanced Vegetable Juice Concentrates

Signature Flavors has developed Enhanced Vegetable Juice Concentrates that are 20-30X stronger than the original products. With the high cost of Vegetables these enhancers offer a cost reduction without sacrificing flavor. Custom profiles are available.

True taste of Beet, Broccoli, Butter Nut Squash, Carrot, Celery, French Bean, Green Bean, Mirepoix, Mushroom, Onion, Pumpkin, Soy Bean, Spinach, Sweet Potato, Tomato (Cooked, Fire Roasted Sun Dried), Truffle, Vegetable Blend.

The additional benefit is calorie reduction.

Technology

After careful analysis of the Vegetable, Unique Thermal Processing coupled with specific flavor precursors and other flavor forming components is utilized to develop the desired flavor profile and subsequent mouthfeel. This combination provides originality, strength and impact to the desired product.

Application

Flavor Profiles can be specifically adjusted in Applications to maintain the quality and integrity of the desired product. Flavor Characterization, Impact and Mouthfeel can all be maintained.
These Enhancers are ideal for application in Beverages, Soups, Dips, Seasonings, Flavors or any application where Vegetables have to be reduced but integrity maintained.

Benefits

1. Clean label as Natural flavor
2. Fema & Gras approved ingredients
3. Calorie Reduction
4. No supply issues
